What is a 25kW Solar System?

A 25kW solar system is a high-efficiency and cost-effective solar system that allows the customer to achieve complete energy independence. It is a high-capacity electricity generation system with MNRE approved high-quality solar components, making it both affordable and reliable.

Why should you choose solar power in Sri Lanka?

Sri Lanka is one of the most expensive energy markets in the world. The use of solar can significantly reduce or eliminate your electricity bill as well as ensure an uninterrupted power supply. The average payback on solar power in Sri Lanka is 5 years. After this payback period, you are earning money on your roof.
