Going solar doesn't mean a huge field of solar panels or a house that is covered with PV modules. Sometimes all you need is a small solar power system. It won't cost much, but still can help to lower your energy bills and therefore will pay for itself in a few years. The average power capacity of the solar system in the US is 5-6 kW.

Many thanks to A1 Solar Store team for my new solar installation! 4.5. Average Trustpilot rating. I am new to using solar and had a great experience with A1Solar. I ordered 6 pcs of Q Cells 400W solar panels from them and delivery was fast / customer service was great! I look forward to buying from them again in the future.
