Antigua and Barbuda ess system

Antigua and Barbuda's political system emerged from British political tradition and the development of trade union activism. The ATLU, established in 1940, found that its activism was not completely effective without a political voice. Seeking to gain a foothold in politics, the ATLU established a political arm, the ALP, in 1946.

turbines, solar panels, sewage treatment systems and a system to recycle waste oil and a revolving loan system to assist with the energy access for all. It is envisioned that the services of sewage treatment, electricity and water generation will be purchased by APUA, or directly by specifically targeted consumers such as the government.
