One of the top 5 zinc air battery companies Zhongyin battery Co., Ltd. is a joint venture established by Jinshan Battery International Co., Ltd. and Ningbo Shuanglu Holding Group Co., Ltd. on September 2, 1993. Its registered office is located at No. 128, Xingguang Road, Ningbo High-tech Zone, and its legal representative is Song Hanping.

In May, AVIC Lithium announced the news of the Xiamen Phase III production expansion project and the new production bases in Chengdu and Wuhan, with a total planned battery capacity of 100 GWh. AVIC Lithium is currently the largest shareholder in Changzhou Jinsha Technology Investment Co., Ltd. (hereinafter referred to as Changzhou Jinsha ...

CITC is owned by AVIC (Aviation Industry Corporation of China), its subsidiary CALB (China Aviation Lithium Battery Co., Ltd.) has extensive expertise in developing and producing lithium-ion cells. The joint venture will soon allow Continental to offer its 48-volt mild hybrid system from a single source, which first began production in early 2017.

It will become one of the largest lithium-ion battery production bases in China. According to Wang Chongling, president of China Aviation Lithium Battery (Jiangsu) Co., Ltd., the green power projects, especially lithium-ion batteries, are crucial to energy-saving and environmental protection, as well as eliminating smog in China.

Established in 2015 via a spinoff from its parent company, which was ultimately controlled by Aviation Industry Corporation of China, or AVIC, CALB has become one of the leading EV battery companies. With 5% market share in 2023 in terms of installed capacity, CALB ranked sixth among global EV battery companies and third in China with 8% market ...
