

Bae battery systems Isle of Man

Where are BAE batteries made?

BAE Batteries USA (BAE USA) is the exclusive distributor for BAE in the USA. The batteries are manufactured in Berlin, Germany, and have an excellent worldwide reputation for quality. BAE USA serves the critical backup power & energy storage requirements of our USA based customers.

Why did I join BAE Systems?

"I joined BAE Systems because job security is important to me and I wanted to work in a hands-on environment," she said. "Doing an apprenticeship is a great opportunity to earn while you learn and this is the first time I've really felt valued after joining a business."

What makes BAE a good brand?

BAE sets the highest quality standards for all of its products and has an excellent worldwide reputation for reliability. A combination of advanced technology microprocessor control and performance-engineered modular construction make our chargers and rectifiers easy to set up, easy to operate, and easy to maintain.

Why did Francesca Di Mascio join BAE Systems?

Francesca Di Mascio, a first year electrical engineering apprentice at BAE Systems' Naval Ships business, said her job was "everything I'd hoped for". "I joined BAE Systems because job security is important to me and I wanted to work in a hands-on environment," she said.

BAE Systems said Essex, Hampshire and Kent would benefit from UK-wide spending of £1bn on education, training and skills. Some 90 jobs are also expected to be created in the south west, including ...

More ships carrying grain were diverted from the Suez Canal to sailings around the Cape of Good Hope this week as concern about attacks on vessels in the Red Sea continued, shipping analysts said on Friday. "Another 13 vessels were diverted this week taking the total cargo diverted away from the Red Sea route to around 5.2 million metric tons of grains in about 90 ships since the ...

The crew of Panama-flagged cargo ship MV ISA STAR have been rescued in the Red Sea after sending a distress signal, the EU's Aspides naval mission said. "All crew members aboard the MV ISA STAR have been rescued and will be transported to Djibouti, the nearest safe port of call," Aspides said in a statement posted on Facebook. The vessel had reported flooding in the ...
