

Bax energy Vanuatu

Why did Yokogawa buy baxenergy?

The acquisition of BaxEnergy by Yokogawa is more than just a business transaction; it is a partnership that finds its roots in a shared vision of a sustainable future. This union brings together two companies with complementary strengths, united by a common goal of leading the way in renewable energy management and industrial automation.

Why did Yokogawa visit baxenergy's HQ in Sicily?

In the months that followed, representatives from Yokogawa visited BaxEnergy's headquarters in Sicily, eager to see firsthand how the company managed its customers' assets. Located in the heart of Acireale (CT), BaxEnergy's HQ provided the perfect backdrop for a deeper exploration of potential synergies between the two companies.

Does baxenergy comply with NERC regulations?

Our strict adherence to the NIS2 directive demonstrates our dedication to not just meeting, but surpassing European standards for network and information system security. BaxEnergy is known for its reliability, and our compliance with NERC regulations is a perfect example of this commitment.
