Best Solar Generator for Home Backup Power. EcoFlow is a well-trusted brand for power outage preparedness, offering the most reliable power backup solutions, cutting-edge technology, and dedicated services, shielding millions ...

I'm currently looking for my 3rd generator. I first got one that would run our house and a smaller a/c unit, ~7000 starting watts. I got the power estimates right, but bought a just large enough generator. It's worked, but struggled to start the a/c. Never get "just enough" power. This was a non-inverter generator that ran great and did what we ...

Best Home Standby Generator: Generac Guardian 7209 Built in the United States, the Generac Guardian 7209 is the gold standard for home standby generators. Boasting up to 24kW of power, the Guardian can be set up to run on either natural gas or liquid propane as a fuel source (but you must decide this at installation time).
