

# Best solar energy company Guinea-Bissau

The electricity sub-sector in Guinea-Bissau remains one of the least efficient in West Africa. Serious challenges faced include: (i) discrepancies between supply and demand; (ii) waste resulting from obsolete distribution networks, with a loss rate of almost 47%; (iii) low investments; (iv) the poor commercial and financial performance of the national power utility; and (v) an ...

The Lomé-based African Biofuel & Renewable Energy Company (Abrec) has awarded a contract to Sinohydro to build a 20MWp solar plant at Gardete, 8km from Bissau, as well as a 30kV connection to the B&#244;r substation. Abrec said six eligible bids were received in an international tender that closed in May last year. Work is expected to take 16 months.
