bluetti ac200max+b300????????????????????????????????8192wh????????????

I recently bought a second AC200MAX. When I switched it on for the 1st time, the "AC on" and "DC On" functions on the screen do not work. (This seems like a common issue) However, neither do the DC and AC functions work through the app. Everything else seems to work (through screen or app). I upgraded the firmware, but that did not fix it. SN: ...
