

Cambodia dakota lithium

What is Dakota lithium?

Dakota Lithium was born out of this rugged landscape. A battery designed to endure. To help you do what you love longer. A battery made to last. We've harnessed the power of lithium chemistry and combined it with North Dakota grit to build you a better battery. To help you play harder. Go further. Last longer. No matter the weather.

What is the warranty on a Dakota lithium battery?

Dakota Lithium - 12V 100Ah LiFePO4 Deep Cycle Battery - 11 Year USA Warranty 2000+Cycles - Built in BMS, For Ice Fishing, Trolling Motors, Fish Finders, Marine, Charger not Included 11 YEAR WARRANTY: Dakota Lithium's batteries were born in the rugged landscape of North Dakota and are backed by an 11 Year Warranty.

Is Dakota Lithium a reliable battery?

Dakota Lithium is a reliable battery, as evidenced by their best in class 11 year warranty, ISO 9001 certified engineering and quality control systems, and lifetime technical support. Crafted out of Lithium Iron Phosphate (LiFePO4) technology, this battery is built to last.

Why should you choose Dakota Lithium batteries?

Dakota Lithium provides lasting value for customers by building batteries that last 4-10x longer than traditional batteries due to their unique chemistry and engineering know-how. This reduces e-waste and the impact on our planet.

How do I contact Dakota lithium?

We would like to help resolve this issue with you quickly. For fastest results, would you please email us at Support@DakotaLithium.com? If you have your order number handy, this will expedite the process. All of our batteries have an 11 year warranty and our goal is to have you out fishing as soon as possible.

How long does Dakota lithium last?

Backed by an 11-year warranty and 8x the lifespan, Dakota Lithium powers your trolling motor, RV, or golf cart with reliable, all-day performance. Hurry! Offers expire 11/30/24. Shop now and save! We partner with industries across the globe to build customized energy solutions.

Dakota Lithium batteries stand out for their remarkable lightweight construction, thanks to advanced lithium iron phosphate technology. These compact powerhouses reduce the burden of carrying heavy batteries, making them the ...

The DL 10 Ah battery is built with Dakota Lithium's legendary LiFePO4 cells. 5,000+ recharge cycles (roughly 10 year lifespan at daily use) vs. 500 for other lithium batteries or lead acid. Optimal performance down to minus 20 degrees Fahrenheit (for winter warriors). Plus twice the power of lead-acid batteries at half the weight.

All Dakota Lithium batteries are engineered with Lithium Iron Phosphate technology (LiFePO4) providing long lasting performance in the harshest environments. Allowing you to go further, last longer, and play harder. Winters ...

I buy lithium batteries like candy, and as far as I'm concerned Dakota Lithium at this stage is a brilliant marketing company not a battery company. As others mentioned, their cells come straight from China (just like virtually every other battery in the world) and at least some of their models are now entirely assembled in China in the exact ...

I had a similar experience with a weize lithium (cheap brand on amazon). I had a dakota lithium that was a 23ah battery i used for livescope. I bought the dakota used so not sure how old it was. Worked great for almost 2 season and stopped working. Bought a 36ah weize. It worked two hrs and quit then wouldnt charge.
