

Cocos Keeling Islands stand alone power system

How do the Cocos (Keeling) Islands communicate?

The Cocos (Keeling) Islands have access to a range of modern communication services. Digital television stations are broadcast from Western Australia via satellite. A local radio station, 6CKI - Voice of the Cocos (Keeling) Islands, is staffed by community volunteers and provides some local content.

What is the difference between Cocos and Keeling Islands?

The islands have been called the Cocos Islands (from 1622), the Keeling Islands (from 1703), the Cocos-Keeling Islands (since James Horsburgh in 1805) and the Keeling-Cocos Islands (19th century). Cocos refers to the abundant coconut trees, while Keeling refers to William Keeling, who discovered the islands in 1609.

What power does Western Australia have over the Cocos Islands?

The Act also gives Western Australian courts judicial power over the islands. The Cocos Islands remain constitutionally distinct from Western Australia, however; the power of the state to legislate for the territory is power-delegated by the federal government.

Is there plastic pollution on the Cocos (Keeling) Islands?

“Significant plastic accumulation on the Cocos (Keeling) Islands, Australia” Scientific Reports. 9 (Article number 7102): 7102. Bibcode: 2019NatSR...9.7102L. doi: 10.1038/s41598-019-43375-4. PMC 6522509. PMID 31097730. ^ McGrath, Matt (16 May 2019). “Plastic pollution: Flip-flop tide engulfs 'paradise' island”. BBC News. Retrieved 7 October 2019.

Can the Cocos Islands be a logistical mob?

he caveat that the Cocos Islands are not suitable as a logistical MOB. While the existing Cocos Islands runway is adequate for the P-3C Orion, it is borderline for fighter operations due to length limitations, and lacks the surface strength for sustained high tempo operations by heavy aircraft.

Where can I watch the Cocos (Keeling) Islands?

It is available in paper and electronic formats. The Cocos (Keeling) Islands receives a range of digital channels from Western Australia via satellite and is broadcast from the Airport Building on the West Island on the following VHF frequencies: ABC6, SBS7, WAW8, WOW10 and WDW11
