Schmidt & Schmidt provides extracts from the commercial register of DR Congo with a translation and an apostille as pdf-file via e-mail. The Democratic Republic of the Congo, also known as DR Congo, is a state in Central Africa. The country is a semi-presidential republic with the president as head of state. Local currency is the Congolese ...

Your system will include battery modules, bi-directional inverters, a thermal management system and controls. Megapack stores your clean energy for use anytime. Customize our all-in-one system to suit your facility - with or without solar - and lower your energy bills from day one.

Solar inverters for commercial power systems have to be reliable and efficient so that you don't lose too much energy. Central and string inverters. The majority of commercial solar inverters are classified either as string or central inverters. A string inverter takes care of one string of PV modules - several panels connected together.
