

Coral island solar panel Brunei

I have went about 2 in game weeks and cleared everything in an area and nothing, I have also seen that moving the anchor will spawn it in the next day but I have tried that a few times and it doesn't seem to have helped either, any tips or tricks I can use to get it? I am still in the starting area underwater. Thanks for the tips!

The machines resume working when you reload the game, so the best workaround (until the devs fix it) is to go back to main screen first thing on every morning. Picking up the machine and putting it back works also, but is only practical for machines not ...

Batterie ist eine Ressource, die zum Basteln verwendet werden kann. Es kann durch ein Solarpanel erzeugt oder durch das Zerschlagen eines Satellitenmeteors mit einer Spitzhacke gesammelt werden. Derzeit wird die Batterie für keinen der Altare im Seetempel gebraucht.

Mushroom log not duplicate mushroom that I put it in timing clock already full but quantity of mushroom didn't Increase ----- solar panel have the same problem too timing clock already full but I can take battery when click just show only how to use equipment guide ----- and bee house yeah..... like mushroom log it didn't produce flower honey for me ;-;

How much does it cost to buy solar panel? Cost of solar power system depend on individual quotation from solar panel companies, type of solar panel system (hybrid or off grid) and the size of the system. Usually bigger system has less cost per kW of system. The batteries usually cost around 30-40% of the overall cost of the system.

The Solar Panels have been stuck like this for days and not producing batteries. I also tried this with Mushroom logs and the same thing happens. The progress circle no longer moves and no items are produced.

Loom is a type of artisan equipment that can produce cloth and yarn from different farm animal products. Loom can be crafted after the player reaches level 6 in their Ranching mastery. Once crafted, a loom can be placed anywhere on the farm and loaded with raw cotton or wool to produce cloth and yarn. The resulting product depends on the input item used and its quality.

I got to the point in the ocean quest where I'm meant to activate 20 solar orbs. I already activated 9, but I can't find any more. I cleaned the whole available area a few times, I reset the anchor twice, and still nothing. I can see the inactive pillar, but the solar orb is missing. I really don't want to start my game again because I got quite far.

Battery is a resource that can be used for crafting. It can be produced by solar panel or gathered by breaking satellite meteor with a pickaxe. No altar needs battery. 45 batteries are needed for the Dino Prints.

Hi all.. So I'm still in my first year, Winter in fact .. I've wandered around the ocean floor and think i have hit a wall.. a big black oily wall in fact. giving something to the creature, i got past them .. and a solar orb got rid of the first Black roots at the top of stairs.. but not the bottom. I've re-walked everywhere i can think of and cant find another orb to get rid of ...

Beehives and Solar panels freeze progress until i log out and log back in. -Winter Season: Absolutely everywhere has some glitchy texture. Every location in town and underwater. Merfolk: -Can't talk to the "Merfolk or meranimals even though they have a talk prompt. (Side note: Can't wait for the update where you can rizz up the merfolk)

1. You can't get eggs that spawn near the entrance of the coop. it seems like the location of exit point (event exit) became too big, previously this was not an issue 2. When letting cows go outside, they get stuck at the entrance and you won't be able to let them in as well. 3. When exiting greenhouse you will fall into the void (out of screen/map) and get teleported at ...

I have my farm underwater and having been accumulating solar fragments, but when I go to Ling's Lab there is no Solar Cores being sold. They were only sold there for one update, as a way to get them because the cores and fragments hadn't been added to the loot table yet. Now you can get fragments and cores from sandstone and clearing trash.

To add to this, the solar panels create batteries! The description for them on PS5 said "TBD"; so I assumed they were not functioning yet. Turns out I wasted an entire year grinding town rank to get batteries at the lab when I could've used the solar panels instead ... but coral island I barely feel pressed for time after dropping it down to 50% ...

It appears that the solar orb will glitch out if you uncover it, but not activate it, then sleep in game (and possibly logging off too). The general consensus is to let the trash accumulate again, and then it might show up, but everyone I talked to said it didn't help.
