What is Corvus orca?

Corvus Orca is the industry-leading marine battery energy storage system with the most installations worldwide.

Who is Corvus Energy?

Corvus Energy is the leading provider of marine energy storage systems, with the most maritime battery systems installed worldwide. More than 50% of the world's hybrid and zero-emission vessels are equipped with Corvus Energy battery energy storage systems.

What marine energy storage systems does Corvus offer?

Based on extensive, field-proven experience, Corvus developed a full range of industry-leading marine energy storage systems. Learn more about our product range including the Corvus Orca, Blue Whale, Dolphin NxtGen - Energy, Dolphin NxtGen - Power and the BOB containerized battery room solution. Why marine energy storage?

Can a Corvus orca be used as a battery room?

The Corvus Orca is suitable for both hybrid electric and all-electric marine applications and for use in the Corvus BOB, an all-in-one, installation-ready battery room solution. Typical vessel types suitable for the Corvus Orca ESS include: Passive single-cell Thermal Runaway (TR) Isolation Exceeds Class and Flag requirements for TR gas venting

Each ferry will be equipped with a Corvus Orca ESS of various power and size based on its needs. Besides supplying battery systems, Corvus Energy will provide ongoing system monitoring and aftermarket services, including remote troubleshooting, spare parts, service engineers, and training for crew members, to support optimised system performance.

Following the successful launch of Orca ESS at the Electric & Hybrid Marine World Expo in 2016, Corvus has won over 30 new projects totalling over 25MWh that will utilize Orca ESS. In total, 100+ projects utilize Corvus ESS, now totalling over 75MWh and 1.5 million operating hours.

As the leading manufacturer of energy storage systems for maritime applications, Corvus designed and built the Orca ESS solutions portfolio based on the experience from 70+ installations utilizing a Corvus ESS, totaling ...
