Who is developing a 500 MW solar project in Bhutan?

Another 500 MW of solar projects will be developed by Tata Power Renewable Energy Ltd., a subsidiary of Tata Power, it said. This partnership aligns with Bhutan's vision for its energy sector, which aims to increase its overall generation capacity to 25,000 MW by 2040, ensuring energy security and promoting regional energy integration.

What is Tata Power doing in Bhutan?

Tata Power has joined forces with Druk Green Power Corp. to develop 5,000 MW of clean energy capacity in Bhutan. This includes large-scale hydropower and solar projects aimed at supporting Bhutan's energy goals and regional integration.

Is Bhutan Power Corporation a public company?

Through 2011, the Bhutan Power Corporation remained a publicly held corporation, comprising about 9 percent of the nation's civil service, though its long-term goals included privatization. In December, 2009, Bhutan Power Corporation had 91,770 customers across the country, out of which 47,846 were rural domestic users.

What is the main energy source in Bhutan?

On-grid hydropower is the country's main energy source. Bhutan operates four major hydroelectric facilities, several small and mini hydroelectric generators, and has a handful of further sites in development. Many of the small and mini hydropower plants in Bhutan serve remote villages that remain disconnected from the power grid.

How many solar power systems are there in Bhutan?

As of 2015 there are approximately 4,600 solar power systems operating in Bhutan, with 2,750 on-grid systems and 1,848 off-grid systems. The development potential is estimated at around 12,000 megawatts. Solar energy in Bhutan has received direct investment from domestic and international sources.

What are the new government agencies in Bhutan?

In 2002, reforms in the executive body, the Lhengye Zhungtshog, produced three new agencies under the Ministry of Economic Affairs: the Department of Energy, its subsidiary Bhutan Electricity Authority, and the Bhutan Power Corporation.
