

Esp energy Marshall Islands

What are the main sources of energy in the Marshall Islands?

MEC,KAJUR,the College of the Marshall Islands and the University of the South Pacific,all carry out capacity building in support of energy activities. Most of the primary energy supply (90%) comes from petroleum,with biomass used for cooking accounting for nearly all the rest.

What does the 2009 National Energy Policy mean for the Marshall Islands?

This led to the endorsement of the 2009 National Energy Policy,along with the Energy Action Plan,which aims for "an improved quality of lifefor the people of the Marshall Islands through clean,reliable,afordable,accessible,environmentally appropriate and sustainable energy services."

How many kWp solar systems are in the Marshall Islands?

Two 53 kWp and 57 kWp systems are at the College of the Marshall Islands. The others are a 10 kWp system at the fisheries base, a 30 kWp system at the University of the South Pacific campus and a 209 kWp system at Majuro hospital. MEC intends to move cautiously before allowing a major expansion of grid-connected solar generation.

Does the Marshall Islands have electricity?

Electricity Sector. MEC and KAJUR supply all electricity. The Marshall Islands has no electricity law or regulator and no private generators licensed to sell electricity. Its electrification rate is approaching 100% based on the number of on-grid and off-grid customers and the average household size of 6.8 persons.

Who imports petroleum in the Marshall Islands?

Petroleum is imported by the state-owned Marshalls Energy Company(MEC) and private companies. MEC is responsible for on-grid and off-grid electricity generation,transmission,and distribution throughout the Marshall Islands except for Ebeye.

Why is the Republic of the Marshall Islands reliant on external assistance?

Since independence,the Republic of the Marshall Islands (RMI) has been heavily reliant on external assistance,with grants averaging 60% of gross domestic product (GDP). Like other island nations in the Pacific,the RMI suffers from high and volatile fuel priceswhile lacking any known fossil fuel reserves of its own.

ESP Sales & Service are renewable energy specialists based in Shropshire.
