Tesla realized early in the evolution of Roadster ESS Battery Packs, a connecting method from Battery Management Boards (BMB) to cell collector plates was flawed, and caused intermittent connection issues. Many ESS Battery Packs were reworked or replaced. Some remained in the field, and most have been functioning for a decade or more.

The FlexTower is for your integrated energy storage system. Built on the foundation of the DuraRack battery cabinet, the FlexTower combines the battery, charge controller, and inverter into a single unit with an LCD control panel, and remote monitoring capability. The FlexTower is easy to install and carries IP65/NEMA3R ratings for indoor or outdoor use.
