Deputy Prime Minister and Minister of Finance Professor Biman Prasad said Fiji's greatest economic power lay in the ability of the people to "share the heavy load when times get tough". While opening the National Economic Summit in Suva yesterday, he said every Fijian would need to do their bit.

Climbing Mount Fuji (3776 meters), Japan's highest and most prominent mountain, can make for lifelong memories. The mountain itself may look more attractive from afar than from close up, but the views on clear days and the experience of climbing through the early morning hours among hundreds of equally minded hikers from across the world are very rewarding.
