

# Fisonic energy solutions Kenya

The Fisonic Devices (FDs) are supersonic, condensing heat pumps with a patented internal geometry which causes steam and water to mix and accelerate, converting a minute fraction of fluid's thermal energy to physical thrust (pump head) with the outlet pressure higher than the pressure of the working medium at the inlet of the device.

Fisonic Energy Solutions LLC is an energy service company that utilizes new technology to provide clean and efficient energy solutions across a broad spectrum of industries and ...

What is Fisonic Device? The Fisonic Devices (FDs) are supersonic, condensing heat pumps with a patented internal geometry which causes steam and water to mix and accelerate, converting a minute fraction of fluid's thermal energy to physical thrust (pump head) with the outlet pressure higher than the pressure of the working medium at the inlet of the device.

Fisonic Energy Solutions LLC is an energy service company that utilizes new technology to provide clean and efficient energy solutions across a broad spectrum of industries and applications including, waste heat recovery, commercial heating, and power generation. All of our systems are manufactured in New York and designed to deliver maximum ...

A Portfolio of Energy Solutions ... We propose the Fisonic Energy Solution that will best meet your needs and custom engineer the system according to the specifics of your facility. See Our Technology: Installation and Testing. We ...

Fisonic Energy Solutions is an energy service company that utilizes new technology to provide clean and efficient energy solutions. Search Crunchbase. Start Free Trial . Chrome Extension. Solutions. objective, reliable, energy-related solutions delivered by accessible,dedicated professionals. Our Mission: Advance innovative energy solutions in ways that improve New York's economy and environment. Our Vision: Serve as a catalyst--advancing energy innovation and technology, transforming New York's economy, and empowering people to choose

Fisonic Technology . Fisonic technology harnesses the natural phenomenon of two-phase flow. At the core of

## Fisonic energy solutions Kenya

the technology is a hyper-efficient heat exchanger that produces thrust. Fisonic devices are heat exchangers, pumps and mixers ...

Fisonic Energy Solutions LLC is an energy service company that utilizes new technology to provide clean and efficient energy solutions across a broad spectrum of industries and applications including, waste heat recovery, ...

Fisonic's unique CHP systems generate electric power as a by-product of providing heat. Our design integrates with a variety of sources, including district-steam, traditional boilers, and ...

Fisonic Technology . Fisonic technology harnesses the natural phenomenon of two-phase flow. At the core of the technology is a hyper-efficient heat exchanger that produces thrust. Fisonic devices are heat exchangers, pumps and mixers with patented internal geometry. They mix steam and water by direct contact without consumption of mechanical ...

Fisonic Energy Solutions LLC is an energy service company that utilizes new technology to provide clean and efficient energy solutions across a broad spectrum of industries and applications including, waste heat recovery, commercial heating, and power generation. All of our systems are manufactured in New York and designed to deliver maximum environmental and ...

A Portfolio of Energy Solutions ... We propose the Fisonic Energy Solution that will best meet your needs and custom engineer the system according to the specifics of your facility. See Our Technology: Installation and Testing. We install according to a pre-approved plan. All materials arrive pre-sized and ready for connection.

oFisonic system recovers all the energy in the waste condensate and adding just a fraction of the steam required by its controller to meet the building needs. Exhaust Air Energy Recovery o US Clean Air Energy recovery system on fresh air intake/building exhaust ducts. This allows preheating outside air in winter (cooling in summer).

Fisonic waste-heat recovery systems generate clean electric power from an array of sources including; district-steam condensate, steam-traps, industrial processes, geothermal and ...

Fisonic Energy Solutions TECHNOLOGY FisonicMax Hot Water System DEMONSTRATION SITE(S) DOHMH Public Health Lab, 455 1st Avenue, New York, NY DEMONSTRATION PERIOD December 2016 - November 2017 Optimum Facility Characteristics The FisonicMax can be used to make hot water, power, or both. in buildings that have one or more of the following ...

Fisonic Energy Solutions . Location Schenectady, New York, United States; Regions East Coast, Northeastern US; Gender Male; LinkedIn View on LinkedIn ; Ed Pheil is the Chief Technical Officer, Founder, and a Technical Advisor at Fisonic ...
