

Fronius solar energy Palau

Who is Fronius solar energy?

Discover the world of Fronius Solar Energy. Explore our battery charging technology. The history of Fronius, now an internationally successful company, begins in 1945. High-quality products from Fronius are in demand all over the world. For this reason, Fronius has 37 subsidiaries on five continents.

How much solar energy does Palau have?

Palau currently boasts 600 kilowatts(kW) of grid-connected solar energy,as compared to a daily peak demand of 9-10 MW.⁸ The first 6.5-kW grid-connected solar project on the Public Works Department building was funded by Japan in 2008.

Can solar power be used in Palau?

Solar has high potential for deployment in Palau within its existing net metering regulations and financing mechanisms, and could support a reduction in fossil fuel imports.

Does Palau have a national energy policy?

The Republic of Palau endorsed its National Energy Policy (NEP) in 2010. An Energy Sector Strategic Action Plan formed a guiding document for implementation of this policy.
