German-made Vs. Chinese Solar Panels. If you are worried about low-quality Chinese panels, then selecting a German-made solar panel reduces the risk. Germany is one of the top 10 manufacturing countries in the world. Therefore, German panels are high-quality, reliable, priced higher, and are well worth it.

Solar Charge was a major supplier of BP Solar / Solarex solar panels since the 1970's for remote homes using battery storage, caravans, boats and navigational aids. BP Solar closed their Sydney factory in 2008 and later withdrew from the market due to price competition from cheap Chinese manufacturers and a corporate refocus on core business.
