What are the top solar panel brands in 2024?

February 13, 2024 - Today, SolarReviews released its annual solar panel brand ranking list, and Qcells has been crowned the top solar panel brand for the second year in a row! Details around the ranking list can be found here, but here is a quick snapshot of the top 2024 solar panel brands:

Who makes the best solar panels?

Panasonic: Panasonic, a leader in home electronics, is also a top name in the solar industry. Its solar panels and battery both made it on our "best of" lists because of their top quality and great performance. However, the company falls behind regarding U.S. investment and doesn't manufacture its own panels.

What are the best solar panels in China?

Fourth on our list is JA Solar, a Chinese solar brand known for its low prices and reliable products. At an estimated cost of \$2.65 per watt installed, JA panels stand significantly below the national average solar installation cost of \$3.00 per watt, earning them the title of the best value panel in our ranking.

Which solar panels should I buy in 2024?

Our expert and consumer reviews of the leading brands of residential solar panels show the best solar panels to suit your home in 2024. I chose Panasonic solar panels because they have a partnership with Tesla and Panasonic has a good reputation. When I purchased a new home in 2016, I had two choices: buy a solar panel or lease it.

What are the best solar panels for residential applications?

The EverVolt series, designed primarily for residential applications, are available in power ratings from 350W to 380W with a maximum efficiency of 21.7%, making them some of the most efficient panels available. Hanwha Qcells is a well-known, high-volume panel manufacturer offering quality, reliable panels for residential and commercial rooftops.

How are solar company manufacturers ranked?

Solar company manufacturers are ranked based on criteria like financial stability, manufacturing capacity, and industry reputation. The tiering system, where tier 1 denotes the highest ranking, is widely utilized for classification.
