In that case Wagner Solar's domestic hot water systems are exactly what you are looking for. Comprising solar collectors, a solar circulator unit, a solar controller and a solar storage tank, they form the most efficient system for hot water production. Save up to 70 % energy!

Reflecting on his time at Wagner Renewables Darren Crisp notes; I started with Wagner Solar UK back in 2011, before Wagner Renewables had even been dreamt up. I was originally taken on just on a 3 week contract to help in the warehouse. I often joke its been the longest 3 weeks of my life! From taking on that temporary position I was taken on ...

German solar pioneer Wagner & Co has joined forces with one of the leading suppliers of photovoltaic equipment in southern England, AC Solartechnik. The new joint venture, named Wagner Solar UK, will do business beginning in November from AC Solartechnik&#180;s present site in Sidlesham, near Chichester, West Sussex.
