

Hailei battery Luxembourg

Who is Shenzhen hailei?

ShenZhen HaiLei New Energy Co., Ltd. Was established in 2012, is a high-tech enterprise integrating R&D, design, production and sales of energy storage lithium battery packs. The main product is lithium battery, lithium iron phosphate battery, residential energy storage battery, industrial and commercial energy storage and portable power station.

What is hailei battery service?

The battery service provides electronic fences and GPS monitoring functions, which can monitor the real-time location and driving speed to provide data support for efficiency optimization. Hailei is a high-tech enterprise integrating R&D, design, production and sales of energy storage lithium battery packs.

Why should you invest in hailei?

Hailei can flexibly match various industrial and commercial scenarios, and support multi-mode operation at the same time, which improves investment returns, can achieve peak-valley time shifting, staggered power consumption, and relieve power grid pressure.

The company has around 26,000 square meters of battery PACK production line, the use of advanced MES production execution system, to achieve accurate management from parts to finished product delivery; With more than 200 sets of professional production equipment, such as automatic laser spot welding machine, automatic sorting machine, the daily output of more ...
