Is Hello solar a good company?

Hello Solar made it easy and explained everything clearly. I was a little worried at the start reading through the reviews but when seeing how long they have been in business and the amount of installs completed,I gave them a shot! Very pleased,happy with the process and would highly recommendto any of my friends. Good work. Show details

Did Hello solar deliver what they promised?

Hello Solar delivered what they promised!From the time of acceptance of their quote,everything went through as scheduled. Installation crew were very professional,turned up on time and completed all works efficiently. Correspondence with the energy retailer were copied to us to keep us in the loop. Would not hesitate to recommend Hello Solar!.

Is Hello solar in breach of contract?

The completed install was way overdue and Hello Solar were in breach of contract. No apology,just running away as fast as they could with exception of the tech support person. My best advise ...use anyone but Hello Solar.

So 8 months since install by Hello Solar it's operations normal. I continue to get above the predicted kWh for our location and array. I think I benefited from the cookie cutter approach of a marketing type business in Hello Solar. My install was much more complex than average, all they charged was an extra \$200 for 2nd story.

Don't make use of this company, company owner/ director named Jonothan Clive Stephenson is a fraudster, he takes your money and doesn't deliver the service promised, do a search for "we drill africa" and "solar bay" or even just search his name on google and you find poor reviews and judgements against him, after paying him a deposit over a year ago to have a solar system ...
