Can you see bioluminescence in Grand Cayman?

You can see bioluminescence in a bay on the north side of Grand Cayman Islands. It's about a 10 minute if you ride Cayman kayaks from Starfish Point and a 30 or so minute boat ride from Seven-Mile Beach. There are Grand Cayman Bioluminescence kayak tours and boat tours available. Bioluminescent Bay Cayman happens to be visible all year long.

What is a bioluminescent tour on Grand Cayman Island?

Experience a unique, unbelievable adventure on Grand Cayman Island with a Bioluminescent Tour. This tour will take you to two of the island's most beautiful and breathtaking natural attractions - Starfish Point and Bioluminous Bay.

What makes illuminate USA unique?

Innovation is at the core of everything we do. We are training Ohioans on jobs that didn't exist in our country before we started production, onshoring the supply chain and powering our production with American-made materials. Illuminate USA recognizes we are stronger together.

How will illuminate USA impact Ohio's solar supply chain?

The panels rolling off Illuminate USA lines will supply two domestic solar markets: rooftop (or residential) and utility-scale. Over time, we expect this project to expand the U.S. solar supply chain, creating even more positive impact in communities in Ohio and around the country.
