What is SSE Pacifico doing?

SSE Pacifico is progressing a 6GW portfolio of early stage development opportunities by leveraging SSE Renewables' expertise in developing, constructing and operating offshore wind farms with Pacifico Energy's extensive local experience in Japan in local preparatory development work.

Does SSE Renewables own Pacifico?

SSE Renewables has closed the agreement to form a new joint ownership company, SSE Pacifico, which will pursue the development of offshore wind projects in Japan. The deal includes the acquisition by SSE Renewables of an 80% interest in an offshore wind development platform from Pacifico Energy.

Will SSE Pacifico be able to develop floating offshore wind energy in Japan?

Success in this bid process will allow SSE Pacifico, alongside key development consortium partners, to build a greater understanding of deploying floating offshore wind energy technology in Japan, a key target market for offshore wind growth with the world's sixth (*1) largest seabed area.

A career with SSE Pacifico is an opportunity to work alongside global leaders in the delivery of offshore wind projects, thereby helping build a cleaner, greener and sustainable future in Japan. Behind our vision and strategy are our people. At SSE Pacifico, we are seeking talented, enthusiastic and skilled people with a passion for working ...
