

Industrial battery boxes Western Sahara

Sometimes, it may not be obvious which type of battery is better. One-size-fits-all solutions rarely make sense when specifying batteries, so it is important to understand the fundamental differences between consumer and industrial batteries to determine the ideal power source. This rundown of battery attributes will help to clarify those differences.

We have been successfully outfitting small to large-scale solar projects for forty years. Our ETGB range is the highest cycling solar battery on the market and our recommended choice. As experienced battery manufacturers we supply a range of VRLA, AGM, Gel and Lithium-Ion batteries for every application in the renewables market.
