In St. Kitts and Nevis, several cities and towns have become popular for installing solar panels and battery storage systems due to their unique geographic characteristics, growing energy needs, and local government support for renewable energy.

About the Law Commission of St. Kitts & Nevis. The Law Commission first opened its doors on Port Zante in 2013; the Commission was staffed with just two persons, namely, Mr. Israel S. Mukasa, who previously served as Chief Parliamentary Counsel and principal draftsman to the State for well over 15 years.

The introduction of battery energy storage systems (BESS) facilities will greatly enhance the island's ability to integrate renewable energy into the grid, stabilise power supply, and reduce dependence on fossil fuels. While the exact battery chemistry in use has not been specified, the emphasis on BESS suggests a likely reliance on lithium-ion technology, which is ...
