

Ireland xendee corporation

Where is xendee headquartered?

XENDEE develops advanced software for financial & technical optimization and operation of resilient Microgrids and renewable energy systems. and is headquartered in San Diego, California, United States. Where is XENDEE Corporation 's headquarters? XENDEE Corporation is located in San Diego, California, United States.

When did xendee Corporation close?

XENDEE Corporation closed its last funding round on Jun 15, 2022 from a Series A round. Who are XENDEE Corporation 's competitors? Alternatives and possible competitors to XENDEE Corporation may include Radiant, Type One Energy, and Veloce Energy.

Why should you use xendee?

"Once we had Xendee, it cut down the effort of putting all the technical pieces together, and allowed us to quickly see the power different technologies would provide to a system. Using Xendee reduced our time and effort by over two thirds, and allowed us to offer a new "rapid response" analysis product to our clients.

What is xendee's proposal?

Xendee's PROPOSE is a catalog driven proposal tool designed to win deals fast and pass projects to engineers effectively. Propose Solutions-> With DESIGN, quickly model detailed power and thermal flow in your microgrid/DER network together with financial constraints. Design for Optimal Performance->

Xendee develops software that helps planners and investors validate the technical and financial performance of Microgrids with confidence. Our platform enables a broad audience, from business decision makers to scientists working on cutting-edge research.

XENDEE Corporation has signed a contract with the US Department of Defense (DoD) to develop the Standardized DoD Platform for Resilient Microgrids #Hashtags #energyresilience
