La llum solar és gratuïta, il·limitada i accessible a tothom, sense costos d'extracció ni transports, evitant a més riscos ecològics com a vessaments de petroli als oceans. A mesura que més llars i empreses s'uneixin, seguirem reduint els efectes nocius del diòxid de carboni millorant la nostra salut i la del nostre planeta.

In addition to the R& D Center, where more than 100 researches specialized in solar technologies take place, Kalyon PV employs nearly 2000 people. Kalyon PV is the panel supplier of the Kalyon Karapinar Solar Power Plant, one of the largest power plants in Europe and one of the largest in the world, built on a single plot of land.
