

Lead lined storage container Estonia

Who manufactures lead lined storage containers?

Nuclear Lead Co. Inc. manufactures all types of lead lined storage containers. They can be custom designed and adapted to meet various industry needs. Nuclear Lead Co. Inc. offers a comprehensive line of lead lined storage containers for functional and radiation-preventing purposes.

What are lead lined containers used for?

Lead lined containers for various uses, such as storage of radiopharmaceuticals and transportation of radioactive sources. Send us your drawings or specifications to receive a quotation.

What are lead storage containers used for?

Lead storage containers from Nuclear Lead Co. Inc are used for various applications. They are used by some customers to store and transport radioactive materials. Others require them for vial pigs for high-energy radionuclides, including PET, or unit dose pigs for radiopharmaceuticals. Yet others need them for nuclear densitometer storage.

Can you store radiopharmaceuticals in lead lined storage containers?

Lead lined storage containers to safely store radiopharmaceuticals or other radioactive materials. Send us your drawings or specifications to receive a quotation.

Does MarShield manufacture lead-lined storage containers?

MarShield manufactures a comprehensive line of custom designed Lead-Lined Storage Containers designed to your exact requirements.

What are the different types of lead containers?

The standard range of lead containers consists of lead vial pigs, mobile lead containers with a cart for easy transportation, and lead containers with a stainless steel housing and locks for longer term storage or decay. Lead storage containers can be used to store and transport radioactive material.

The shield is constructed of steel, lined with .125" lead and .0625" aluminum. The shielding combination attenuates gamma radiation, beta radiation and errant bremsstrahlung. The shield features a top with sliding port and a swing hand for easy transport.

Plastic shelled lead storage containers for radioactive material, known in the industry as "Pigs", The internal container is a solid cast lead container fabricated for nuclear material containment. ... Lead Lined Box
Wooden box with a 20 gauge lead lining. Used for containing radioactive samples. Picture and size are approximate. Weight ...

Store your radioactive sources in these small and modular lead lined safes. Our lead lined safes are designed to

Lead lined storage container Estonia

store all of your radioactive sources, such as radiopharmaceuticals and gamma source projectors for radiographic testing. Place a single lead shielded safe in your room, or create a storage setup by connecting multiple lead shielded ...
