

Lithium power inc Guinea-Bissau

Could Guinea's Kissidougou area be a lithium mine?

Previously best known for its diamonds, Guinea's Kissidougou area near the border with Sierra Leone has shown enough potential to convince one company to explore for lithium there. On 20 April, Global Mining Resources filed an application for a permit to assess the lithium potential of the area.

Is Guinea a hub for lithium prospection?

These developments have turned this area in southern Guinea close to the border with Sierra Leone into a hub for the development of lithium prospection in the country. In April, Guinea Best Minerals applied for two lithium reconnaissance licences close to one of the areas requested by African Lithium, with other companies also expressing interest.

Who is Lithium Power?

Lithium Power, Inc. has been the industry leader in lithium battery technology for nearly two decades. We offer turn-key lithium battery pack solutions for OEMs/ODMs that meet each company's unique requirements of cost, performance, reliability, and safety.

What does Lithium Power do?

Lithium Power now seeks to expand its successful business model of custom made Smart Battery solutions to serve more industries within the OEM/ODM business world by offering the proprietary BMS solution alone in addition to custom made lithium battery packs.

Are lithium batteries safe?

In addition, advances in safety features and well-designed lithium batteries are safer for consumer use than ever before. Lithium Power has been successfully deploying its custom made lithium battery packs and proprietary Battery Management System (BMS) solutions in a wide variety of markets.

Which companies are targeting lithium in Conakry?

Around the same time, from late March to early April, three separate companies that appear to be targeting lithium were registered in Conakry: Guinea Lithium, African Lithium Mining Resources Guinea and Guinean Lithium Resources.

Lithium Power (ASX:LPI) is focused on developing Chile's next high-grade lithium mine, Maricunga, in which LPI owns 100%. Maricunga is the highest quality pre-production lithium brine project in South America and has one of the world's highest-grade lithium resources at 1,160mg/l lithium and 8,500mg/l potassium for 2.15mt LCE.

Shop the BIAF K2 Energy K2B3V90E LiFePO4 3.2V 90Ah Lithium Iron Phosphate Battery at Ubuy Guinea-Bissau. Reliable and long-lasting power for your devices.
