

What is the Balkan lynx recovery program?

The Balkan Lynx Recovery Program was born. Today, program partners include environmental nonprofits from each of the Balkan lynx range countries, including those represented by Bledi Hoxha and Dime Melovski.

Are lynx balcanicus endangered?

But in the Balkans, that trend is reversing. Only three remnant populations of the Balkan subspecies, *Lynx lynx balcanicus*, remain. After surviving the last ice age, the mass extirpation of large carnivores and countless wars, they are now critically endangered. Scientists estimate 20 to 39 individuals remain.

Are Lynx a threat to livestock?

And if shepherds think lynx are a threat to their livestock, they are liable to kill them despite the moratorium. Melovski and his team realized protecting lynx in the region would require educating the people living in their habitats. They decided to partner with local hunters to live-trap the cats for telemetry collaring.
