In 2015, Alluhaydan founded GTek, the first solar panel manufacturer in Saudi Arabia, marking a pivotal moment in the nation's energy history. Despite limited awareness about solar energy in the country, he remained undeterred in his mission. GTek began modestly, with approximately 50 employees, but harbored grand ambitions from the outset.

G-teK designs and provides power systems based on renewable sources of energy, particularly solar energy, but also wind, hydro and biomasses. The application fields of G-teK systems range from the generation of electric current by means of PV solar modules, optionally integrated in buildings to the production of hot water for civil use.
