

New Zealand solar panel hosting

Who is NZ solar?

NZ Solar was born of a combined desire to take an environmentally friendly approach to generating power and an appreciation of the growing costs of electricity. We want to help you use sustainable solar power to power your home or business, heat your hot water, charge your electric bikes or EV. Reduce your costs.

Do solar panels work in New Zealand?

Absolutely! New Zealand has abundant sunshine and generates between 1,700 and 2,100 sunshine hours annually. Some areas, like Nelson and Gisborne, receive as much as 2,400. Solar Panels don't require sunshine; they require daylight, so Solar Panels work year-round, even in the lower South Island.
