Solar panels sold by reputable companies in New Zealand usually have a performance warranty range between 25 and 30 years. The panel's product warranty can range between 10 years and 25 years. This tells us we can expect solar panels to last at least 25 years which is a factor when figuring out the payback on investing in solar.

Your local solar partner We are a 100% NZ owned wholesale solar distributor - Product Warranty Secured Send a Free Request Leading Solar Panels in the Industry We are proud to distribute some of the world's largest manufacturers ...

Can anybody share their (recent) quotes for solar panels? I'm contemplating shipping a bunch of solar panels when we move to NZ but I'm questioning whether it's worth it. Wholesale prices in Europe have halved in the last 12 months because China is dumping their panels here. I'm wondering if it's the same in NZ.

The good news is that the price of solar panels is lower than ever, and in fact are expected to reduce in the future as well. ... On average solar batteries sold in New Zealand have a price range of \$6000-\$20000. This range is quite broad; lower-capacity batteries are cheaper than high-capacity batteries. Other than this, some solar panel ...
