The WARPOWER series of sites take a unique, "by-the-numbers", quick-reference approach to the current (2025) military capabilities of North Korea. Within this site are detailed inventory counts representing the total available unit power of air, land, and sea forces of the country in its drive to reach nuclear-capable status in the Korean Peninsula region.

Find company research, competitor information, contact details & financial data for Autec Power Inc of Houston, TX. Get the latest business insights from Dun & Bradstreet.

In North Korea, power plugs and sockets (outlets) of type A and type C are used. The standard voltage is 110 / 220 V at a frequency of 60 / 50 Hz. For more information, select the country you live in at the top of this page. Buy a power plug (travel) adapter. We don't sell power plug adapters. We refer you to Amazon, where you will find a great ...
