

Norway tecil solar

Who is tecil solar?

Tecil Solar is the Power Solutions division of our company and is focused on the provision of quality product and services in the area of Alternative and Renewable energy Power solutions and related services.

Why is Norway a good choice for solar energy solutions?

This has led to Norway to become an expert in devising solar energy solutions for out of the way places. Safedesign has designed a rooftop safety system that eliminates the need for scaffolding and makes solar panels more affordable. Industry was also bitten by the solar energy bug.

Is Norway a good place to buy solar cells?

This passion for nature has made Norway one of the most attractive markets for solar cells. Although some of the appeal of cabin life is to take a time-out from technology, electricity is still needed to power lamps, radios and, now, mobile phone chargers.

Why are solar cells so popular in Norway?

Norwegians love to be outdoors. They flock to their cabins in the mountains, in the woods or by the shore to spend their weekends or holidays in beautiful, peaceful surroundings. This passion for nature has made Norway one of the most attractive markets for solar cells.

What is Norsk renewables doing in South Africa?

Norsk Renewables expands presence in South Africa through strategic investment in a renewable energy project. Norsk Renewables to meet the King of Lesotho during his visit to Oslo. Central Retail produces the equivalence of energy for 44 000 households. We are supporting Ukraine with renewable energy.
