Maris became Equator Energy's first investor in 2016. The 100 m\$ investment company is active in nine Sub-Saharan African countries in renewable energy, agriculture and other divisions. Nvision founded Equator Energy in 2015, when the European renewable energy company entered the Kenyan market.

Community-shared solar PV systems support the democratization with the efficiency of centralized systems. The paper highlights the economic competitiveness of this model in Hungary.

Despite promising solar potential in South Sudan, rural electrification has long been an issue for the country's growth and development, as well as addressing climate change and fuel cost limits.

By Philip Ayuen Dot, Juba, South Sudan. Monday, January 31, 2022 (PW) -- If someone asked us whether clean water, air, or forests have an economic value, a lot of us would say that these natural resources transcend monetary value. But in today's world where everything, including a nation's development, is measured in economic terms, then it only makes sense to ...
