Senegal: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version. Energy is a large contributor to CO₂ - the burning of fossil fuels accounts for around three-quarters of global greenhouse gas emissions. So, reducing energy consumption can inevitably help to reduce emissions.

Optimera Energy LFZ Enterprise has flagged off the construction of infrastructure at the Lagos Free Zone to distribute natural gas to companies operating within the zone.

The companies will execute the project through a special purpose vehicle, Optimera Energy. At a signing ceremony recently, the Lagos Free Zone chief executive officer, Dinesh Rathi, explained that Optimera ...
