

Ormat technologies inc Jersey

Who is Ormat Technologies?

Ormat Technologies, a leading provider of renewable energy solutions, develops, engineers, owns and operates advanced energy storage solutions in California, Texas, New Jersey, and many states in between.

Why should you use Ormat's battery storage facilities?

As grid-connected assets, Ormat's battery storage facilities enable us to supply the electric system with reliable capacity and energy optimization- storing energy during times of excess supply so it can be used during times of high demand.

How much do Ormat Technologies employees make?

The average employee at Ormat Technologies makes \$70,911 per year. However, it's important to note that this is lower than some of Ormat Technologies' highest paying competitors, such as Calpine (\$92,459), Pinnacle West Capital (\$91,494), and Southern California Edison (\$83,764).
