

# Paygo solar home system The Netherlands

discussed in the context of solar energy. The core components of a solar home system, based on the PAYG business model, are as follows (see also Figure 1):

- (i) Solar panel (monocrystalline or polycrystalline, etc.)
- (ii) Battery storage system (optional)
- (iii) Mobile payment system

By efficiently spreading the cost of energy systems over time, and so reducing the economic burden of solar devices, the PAYGo model will support three of "Smiling Through ...
