What is the energy situation in Guinea Bissau?

Description: The energy situation in Guinea Bissau is mainly characterized by a very disproportionate and insufficient access to energy services, depending on whether it is urban or rural, on the one hand, and on the other, by an institutional and regulatory framework non propice to the development of the electricity subsector.

How sustainable is the electricity sector in Guinea Bissau?

The electricity sector in Guinea Bissau is in the midst of a transformational reform towards a sustainable development characterized by reliable, greener and affordable service delivery.

How much money is needed to achieve universal electricity access in Guinea Bissau?

8. Around US\$263 million of public and private funding will be needed to achieve universal electricity access in Guinea Bissau by 2030. To achieve this goal, a combination of grid (70%) and off-grid (30%) solutions will be required to bring 400,000 additional new connections<sup>18</sup>.

Will ECOWAS OMVG boost electricity access in Guinea-Bissau?

The associated ECOWAS regional access project will boost electricity access in Guinea-Bissau to 39 percent<sup>16</sup>. The OMVG will have around 300 km of a 225 kV transmission line in Guinea Bissau, and four high-voltage 225/30 kV substations (Mansoa, Bissau, Bambadinca and Saltinho).

How will the ECOWAS regional Access Project Impact Guinea-Bissau?

The ECOWAS regional access project will extend and strengthen the distribution network in Guinea-Bissau from the planned four high-voltage substations, and supply electricity to 198,000 additional people (33,000 households) by 2022. A low-hanging fruit opportunity to bring electricity to additional 31,443 households exists.<sup>17</sup> 8.

Does EAGB cover Guinea-Bissau?

Its concession area covers the entire territory of Guinea-Bissau but at present its activity is in fact limited to the capital city of Bissau. On January 17, 2019 the Council of Ministers approved the revised statutes of EAGB to bring them into alignment with OHADA's Uniform Acts<sup>1</sup>.
