Anker offers a fantastic range of powerful and innovative portable power banks and portable chargers that will supercharge your charging experience. Equipped with advanced features like Power Delivery 3.1 and bi-directional technology, these battery packs make charging faster and easier than ever before.

How should a power bank be stored?

Store Properly: If you're not going to use your power bank for an extended period, store it in a cool and dry place. It's best to keep it partially charged - around 50% to 60%. Regular Use: Regular use can help maintain the battery's efficiency. If you won't use it frequently, at least try to fully charge and discharge it once every few months.
