Who is Powerstar - a d2zero company?

Managing your power with our Transformers, Battery Energy Storage Systems, Voltage Optimisation & AI Microgrid Controller (EOS) Powerstar - A D2Zero company. Smart energy solutions to achieve your commercial energy objectives. We understand the energy challenges encountered by businesses.

Where is Powerstar registered?

Registered in England and Wales. Copyright © 2024 Powerstar. All rights reserved. Discover Powerstar's innovative energy solutions, from microgrids to voltage optimization. Explore our technology today.

Where are Powerstar products made?

All are manufactured at our facilities in Sheffield and Bromsgrove in the UK. Who are Powerstar? What is the Energy Trilemma? How do we reduce electricity costs?

What can Powerstar do for You?

Our comprehensive approach ensures optimised energy usage, enhanced resilience, and cost savings for commercial clients, empowering them to navigate energy challenges with confidence while advancing sustainability goals. Catering specifically to commercial sites, Powerstar specialises in facilitating microgrid solutions.

What makes Powerstar unique?

Powerstar is characterised by technical expertise, data-driven engineering, advanced modelling, and simulations for project success. We focus on a science-based approach, guiding clients through the intricacies of electrification.

Where is Powerstar in Bromsgrove?

Powerstar, Units A, B & C Sugarbrook, Buntsford Park Road, Bromsgrove, B60 3DX Explore our International Regions.
