Advanced Energy's SL Power TF3000 series of industrial grade AC-DC fan-cooled power supply comprises seven output models. All models feature industrial safety approvals and accept a universal input of 90 to 264 VAC. These compact switch-mode power supplies feature output overvoltage, overtemperature, overload protection, with short-circuit ...

Advanced Energy's SL Power SLE36 series of plug-in wall-mount AC-DC power adapters feature both medical and ITE safety approvals. It meets Department of Energy Level VI and European Code of Conduct V5 Tier 2 Directive efficiency standards.

Advanced Energy's SL Power SLE12 series of plug-in wall-mount AC-DC power adapters feature both medical and ITE safety approvals. It meets Department of Energy Level VI and European Code of Conduct V5 Tier 2 Directive efficiency standards.

SL Power Electronics is pleased to announce the official releasing of the NGB250. This product family is developed specifically for next-generation medical and industrial applications and performs at a 25% higher convection power density than competitive products powering at 250 W.

The SLE family is part of Advanced Energy's SL Power Lean Line with nine external power supply families ranging from 6 to 90 W. Featuring streamlined designs, the SLE Series delivers an efficient cost structure without sacrificing the quality and reliability expected from an SL Power solution. Compliant to both medical and industrial safety ...
