Who is SolarSpace technology?

SolarSpace Technology Co.,Ltd. was established in 2010,as a world leading solar cell and module manufacturer,concentrating on high efficient solar-technology production with 30GW+capacity of solar cell and 6GW capacity of solar module in China and overseas.

What does SolarSpace do?

SolarSpace focuses on the development and manufacturing of solar cell. With industry-leading technology and competitive manufacture capability SolarSpace rapidly increases production capacity and continuously provides the high efficiency and high quality cell products for customers. Global Leader!

Why did SolarSpace change its website domain?

In line with our company's business development needsand our commitment to providing more efficient and high-quality services,SolarSpace Technology Co.,Ltd.'s has changed its official website domain from solarspacepower.com to solarspace.com. Please feel free to visit and bookmark it.
