80 Followers, 18 Following, 482 Posts - SEPCO - Solar Lighting (@sepcosolar) on Instagram: "Since 1994, SEPCO has been providing Security, Savings, and Sustainability with Commercial Solar LED Lighting Systems, manufactured here in Stuart, FL"

SEPCO recently completed a solar LED walkway lighting retrofit project at a US Marine Corps Bachelor Enlisted Quarters. This installation allows for improvement in energy security and reduces current energy usage on the base. The new fixtures were selected to match the old lighting fixtures in design to fit the architectural integrity of the area and allow for more efficient ...

If SEPCO did not provide the pole, the installer will need to source 1/2" - 5/8" diameter stainless steel bolts for mounting the solar and fixture bracket. SEPCO Solar Power Assemblies are specified for many applications; therefore, the bolts and wires are not included for no pole orders as the length and distance are unknown.
