Why should you choose Shams al Andalus Smart Energy Solutions?

generations, and we can only do this by actively improving our environment through higher adoption of renewable energy and more Shams Al Andalus Smart Energy Solutions (L.L.C) is committed in providing the highest quality products, competitively priced, with services exceeding our customers' expectations.

How does SmartAE's system work?

SmartAE's system is controlled via customised dashboards for each stakeholder. Building managers can set energy targets and comparisons,clearly seeing where improvements can be made on an ongoing basis. SmartAE ensures the well-commissioned building automation system is fully controlled.

How does SmartAE make buildings smarter?

Smart AE makes buildings smarter by operating similarly to the human body,with a 'central nervous system' made up of sensors and the building management system. These continually monitor the facility's environment and control its functional 'organs' - whether they be lighting,HVAC,power,and so on.
